International Hibiscus
Society

Approved Hibiscus
rosa-sinensis Cultivars

This document contains the records of all *Hibiscus rosa-sinensis* that have met the naming requirements as outlined in the regulations of the ICNCP as established by the International Society for Horticultural Science (ISHS). Contained herein are all the cultivars that have received name approvals by the International Cultivar Registration Authority Registrar (ICRAR) for May 2018.

A Quick Guide to Naming a New Cultivar

Adapted from:

International Code of Nomenclature for Cultivated Plants

A publication of the International Society for Horticultural Science

An ideal name is both easy to spell and pronounce in the various countries in which the cultivar might be distributed. The rules for creating a new name allow you to use or make up any word or words you want but the name will not be allowed if it is likely to cause confusion with an existing name. The following check list is a guideline in choosing a name for your cultivar.

- 1. Make sure your suggested name is unique – check the existing database to ensure uniqueness (see step by step illustrated instructions at the end of this guide to ensure that the name is unique)**
- 2. Make sure that your name cannot be confused either in spelling or pronunciation with an existing cultivar**
- 3. Make sure that your name does not convey the merits of the cultivar (i.e. do NOT use superlatives such as ‘Best Ever’, ‘The Greatest’ and ‘Tastiest of All’**
- 4. Each word of a cultivar name must start with an initial capital letter unless linguistic custom demands otherwise. Exceptions are words after a hyphen unless they are proper nouns. (ex. Commander-in-Chief)**
- 5. Make sure that your name has no more than 30 characters, excluding spaces**
- 6. A cultivar name should be as short as practical and should not consist of nor contain overly long words that may be difficult to write or pronounce. (ex. “Diplomgartenbauinspektor” may be considered difficult to write or pronounce)**
- 7. A cultivar name that contains the name of a living person should not be used unless that person has given permission for their name to be used.**
- 8. Avoid the use of Latin Words**
- 9. Do not use any of these banned words in any language in your name: “hybrid”, “cultivar”, “grex”, “group”, “form”, “maintenance”, “mixture”, “selection”, “sport”, “series”, “variety” (or the plural form of these words in any language) or the words “improved” and “transformed”**
- 10. Do not use fractions or symbols**
- 11. Do not use any punctuation marks except for the apostrophe (’), the comma (,), the hyphen (-), and the full stop or period (.); a maximum of two exclamation marks (!) may be included but they may not be side-by-side**
- 12. Do not use single letters or single numbers, or combinations of a single letter or number with a punctuation mark**

Cultivar	Pod Parent	Pollen Parent	Hybridizer	Origin
 'Anuraag'	 'Chris Luk'	 'Unknown'	 Suresh Pushpa	 India

Bloom Type: Single Regular

Size: Regular

Grower: Suresh Pushpa

Size Range: Large 7-8 Inches 180-200 mm

Photo Credit: Pushpa Suresh Copyright 2018

Color Group: Red

Propagation:

Bloom Colors: Color of Veining: White, Color of Spots and Splashes: None, Eye Zone Color: Red, Number of Colors: three, Number of Rings of Color: one, Color of Stamen Pads: Red

Bloom Characteristics: Form of Bloom: Flat, Bloom Features: Ruffled and Tufted, Petal Overlap: more than 1/2, Veining: mild, Substance: above average, Duration: 1 day, Presentation: Upward,

Leaf Characteristics:

Bush Characteristics:

Grower's Comments: Heavily tufted and ruffled. Slow grower. Colors change according to weather.

Date Registered: 05/22/2018

Bloom Type: Semi-Double Crested

Size: Regular

Grower: Starikov Danil

Size Range: Medium 6-7 inches or 15-18cm

Photo Credit: Danil Starikov Copyright 2018

Color Group: Purple

Propagation: Seeder: Good, Pollen: Good, Ability to Root: Average (40-60% takes),

Bloom Colors: Color of Veining: White, Color of Spots and Splashes: None, Eye Zone Color: Red, Number of Colors: two, Number of Rings of Color: one, Color of Stamen Pads: Red

Bloom Characteristics: Form of Bloom: Cupped, Bloom Features: Ruffled and Tufted, Petal Overlap: more than 1/2, Veining: extensive, Substance: excellent, Duration: 1 day, Presentation: Lateral to upward, Eye Zone Size: medium

Leaf Characteristics: Leaf Size: Medium - 2-5 inches or 5-13cm long, Leaf Appearance: Glossy

Bush Characteristics:
